Review September 2022

SENDCo: Clare Hebbs

SEN&D Governor: Jenni Wright and Natasha Wallace

This document has been written within the context of the Governors' aims and objectives, which they summarise in the mission statement

Work Hard, Be Kind.

Firbeck Academy is an inclusive school where diversity is celebrated. We are dedicated to meeting the needs of all pupils, including those with Special Educational Needs or Disabilities (SEND).

What does SEND mean?

SEN&D stands for **s**pecial **e**ducational **n**eeds and, or a **d**isability.

The Code of Practice 2014 states that:

'A student has SEN where their learning difficulty or disability calls for special educational provision, that is different from or additional to that normally available to children and young people (CYP) of the same age.'

Many children will have special educational needs of some kind during their education. Schools and other organisations can help most children overcome the barriers their difficulties present quickly and easily. A few children will need extra help for some or all of their time in school.

When identifying the nature of a CYP special educational needs, the four areas of need are taken into account are:

- Communication and Interaction
- Cognition and Learning
- Social, Emotional and Mental Health difficulties
- Sensory and/or Physical needs.

The school recognises that the CYP may need support in more than one of these areas.

Who are the best people to talk to at our school about my child's difficulties with learning / SEN&D?

The subject/ class teacher has responsibility for:

- checking on the progress of your child
- identifying, planning and delivering the differentiated curriculum for your child in class as required
- personalised teaching and learning for your child
- ensuring that the school's SEN&D Policy is followed in their classroom.

They are responsible for:

- developing and reviewing the school's SEN&D Information report/ policy
- co-ordinating all the support for students with special educational needs or disabilities
- updating the school's SEN&D register (a system for ensuring that all the SEN&D needs of students in the school are known) and making sure those records of your child's progress and needs are kept up to date and are confidential
- providing specialist support for teachers and support staff in the school, so that they can help students with SEN&D in the school to achieve the best possible progress.

They are also responsible for ensuring that you are:

- involved in supporting your child's learning
- kept informed about the support your child is receiving

- involved in reviewing how your child is doing and liaising with all other agencies which may be involved with your child e.g. Educational Psychology, Behaviour Support Service, Social Care and Health Service.

How are Children & Young People (CYP) with SEN&D identified at our school?

Referring to the 'SEN&D code of practice: 0-25' 2014, a CYP has SEN 'where their learning difficulty or disability calls for special educational provision, that is provision different from or additional to that normally available to pupils of the same age'.

Subject/ class teachers make regular assessments of progress for all CYP. From this, the school is able to identify CYP making less than expected progress given their age and individual circumstances. Other factors including attendance, punctuality and health are considered. Consideration is also given to the particular circumstances of students, for example those who are in Care and/ or eligible for the Pupil Premium.

When deciding whether to make special educational provision, a meeting will be arranged between the SENCo and class teacher, to consider all the information gathered from within the school.

Parents/carers will be notified by a school, when the following will be discussed:

- the CYP areas of strengths and difficulties
- any parent/carer concerns
- plan any additional support your child may receive
- discuss with you, any referrals to outside professionals, to support your child's learning.

Where a CYP is identified as having SEN&D, the school will seek to remove barriers to learning and put SEN&D provision in place. THE SEN&D support will take the form of a graduated approach which consists of a four part cycle known as The Graduated Approach:

Assess: an analysis of CYP need will be carried out by the subject teacher & SENCo.

Outside agencies may also be involved.

Plan: if the school decides to provide the CYP with SEN support parents/carers will be notified.

All staff involved with the CYP will be informed.

Do: interventions/support will be delivered.

Review: the effectiveness of the intervention/support will be reviewed regularly.

We aim to work with the CYP and parents through this process.

What are the different types of support available at our school?

Teachers have the highest possible expectations for your child and all CYP in their class. Quality First Teaching is at the forefront.

The quality of teaching and learning is reviewed regularly to ensure the highest possible standards are achieved. The school has a training plan for all staff to improve the teaching and learning of CYP, including those with SEN&D. This includes whole school training on SEN&D issues.

Teachers adapt planning to support the needs of CYP with SEN&D.

Teachers use a variety of teaching styles and cater for different learning styles to allow CYP with SEN&D to access the curriculum.

Teachers and other adults in the classroom work together to give targeted support according to your child's needs.

Your child is fully involved in learning in class.

Strategies which may be suggested by the SENCo or other professionals working with your child are in place to support your child to learn.

Specific group work intervention

This could be for communication (speaking and listening), writing, reading, spelling, numeracy, social skills, physical skills, behaviour skills or emotional well-being. These could be delivered by a teacher, TA, or intervention support staff.

Adaptations to curriculum or learning environment may be made to remove barriers to learning.

This includes:

Adapting the classroom environment

Using adapted resources

Use of technology

Behaviour Plans

Visual aids

Having someone scribe the CYP's work

There are many more that may be put in place depending on the individual pupils needs.

Outside agencies

You may be asked to give permission for your child to be referred to a specialist professional e.g. Educational Psychologist. This will help the school and you to understand your child's needs better and so support them more effectively. The specialist professional may work directly with you and your child and may make recommendations on support strategies to be used at home and in school.

How do we measure progress?

CYP progress is continually monitored by class teachers, SENDCo and Senior Management Teams. Progress is reviewed at regular intervals and formally once each term. If your child is on the SEN register, you will have an opportunity to discuss progress or receive a report on progress 3 times a year.

The progress of CYP with an EHC Plan is formally reviewed at an annual review.

The SENCo will also monitor that the CYP is making good progress in any targeted work while also monitoring the effectiveness of the provision or interventions.

How can I let the school know I am concerned about my child's progress in school?

If you have concerns about your child's progress you should, in the first instance, speak to your child's class teacher. If you have concerns that your child has an unmet special educational need after speaking to your child's class teacher, you should contact the SENCo.

How is SEN&D support allocated to CYP at our School?

The Code of Practice 2014 states that:

'A student has SEN where their learning difficulty or disability calls for special educational provision, that is different from or additional to that normally available to CYP of the same age.'

CYP who are underachieving and failing to make progress have interventions in and out of class.

CYP are moved on to SEN&D support when, despite accessing catch up interventions, they are still not making expected progress and are not meeting their targets.

For a minority of CYP who are not making progress in more than one subject we would investigate using the Graduated Approach for an extended period.

The school budget is received from Nottingham City Local Authority, which includes funding to support CYP with SEN&D. This is £6,000 per pupil on the SEN&D register per academic year which is called 'SEN Notional funding'.

The Headteacher decides on the budget allocation for SEN&D in consultation with the school governors, on the basis of needs within the school. The Headteacher, business manager and SENCo discuss information they have about SEND including:

CYP already receiving extra support

CYP needing extra support

CYP who have been identified as not making as much progress as expected

All resources/training and support are reviewed regularly and changes made as necessary.

CYP will be taken off the SEN&D register if and when targets/outcomes have been achieved.

Who else could support your child with SEN&D?

Directly funded by the school:

Teachers

Teaching Assistants funded from SEN budget who support in class and deliver programmes designed to meet individual and group needs

Carers

Educational Psychology Service / Inclusive Education Service / ASD Team / Behaviour Support Team

Educational Welfare Officer

Counsellors

Paid for centrally by LA/Health Service:

Speech and Language Therapy

Occupational Therapy

Multi-agency team

Support Services for the Hearing, Physically & Visually impaired

Community Learning Disabilities Team

Child and Adolescent Mental Health Service (CAMHS)

Social Care

School Nurse

Physiotherapy Service

Voluntary Sector:

Disability Direct

Parent Partnership

Rainbow Careers Forum

Ask Iris

And many more

What support is there for my child's overall wellbeing?

At Firbeck Academy, depending on individual needs, a programme will be put in place to support their individual needs, for example, a behaviour plan, a buddy system, peer mentoring or various forms of counselling.

Support may involve working alongside outside agencies such as the Health Service, and/or specialist educational services such as LA Behaviour Support Service and counsellors.

What support do we have for you as a parent/carer of a child with SEN&D?

This section is also appropriate for children and young people who are looked after by the Local Authority (corporate parent).

Class teachers, SENDCo Support are available to discuss issues, as appropriate to their roles in school. Your child's Pupil Provision Map will be reviewed 3 times a year. We will work with you to plan and review targets via parent consultation meetings.

We will hold meetings with outside professionals where and when appropriate.

We hold yearly information evenings/open evenings.

We will share information with you about parent/carer support groups/forums.

Our Family Support, Gill Maguire, can advise on a wide range of home and school issues.

How does the school support CYP with medical conditions?

The school follows 'Supporting pupils at school with medical conditions. Statutory guidance for governing bodies of maintained schools and proprietors of academies in England' April 2014

The school has a policy regarding the administration and management of medicines on the school site. Some CYP will have a care plan in place.

Appropriate staff have updates on conditions and medication affecting individual students and training, where appropriate, so that they are able to manage medical situations.

How is our school accessible to CYP with SEN&D?

At Firbeck Academy, the school is all on one level; movement around school for wheelchair users is not an issue.

There are also disabled parking spaces and toilet facilities.

Teaching resources and equipment used are equally accessible to all CYP.

After school and extra-curricular provision is accessible to all CYP including those with SEND.

All CYP have an equal opportunity to go on all school visits. Extra support is provided if required. Educational visits will only be planned to locations accessible to all. Risk assessments are carried out prior to any off site activity.

How will my child be supported through transitions?

The school recognises that transitions can be difficult for CYP with SEN&D and their families and so take steps to ensure any transition is as smooth as possible.

If your child is moving to another school:

We will contact the school's SENCo and ensure they know about any special arrangements and support that needs to be made for your child. All records about your child are passed on as soon as possible.

When moving classes in school:

Information will be passed on to new subject teachers. All relevant information will be shared.

Starting FS1:

Gradual transition visits into FS1 involving parents/carers

Record sharing

Starting FS2:

Visits to pre-school providers if needed.

Parents visits into FS2 prior to children starting.

Transition into FS2 in September.

Record sharing

Starting Key Stage 1/2:

Visits to school plus any additional visits that are required.

Parent meetings

Record sharing

Transition meeting if needed.

Transition from Key Stage 2 to Key Stage 3:

Members of secondary schools will visit your child's primary school.

Transition meeting with staff from both schools

Enhanced transition, which includes visits and activities with designated members of staff

Extra support for tests, assessments and examinations will be considered as and when necessary

How will my child be able to share their views?

We value and celebrate each CYP being able to express their views on all aspects of school life.

This is usually carried out through regular meetings of the School Council.

If your child is on the SEN register, they will be involved in writing and reviewing their own Pupil Provision Maps, celebrating successes and setting targets.

What training have the staff had about SEN&D?

There is an on-going professional development programme throughout the school year which addresses areas of SEN&D within the school, for example: differentiation, applying the Code of Practice, ASD and communication strategies. This is updated regularly according to the needs of both the staff and the CYPs.

What if I want to complain?

Our school has a complaints policy which can be found on our website. If you wish to complain we always suggest you come and speak to us first to try to resolve any issues. If you still want to complain please see our complaints policy.
