Friday 10<sup>th</sup> March 2023

Dear Parents and Carers,

It is starting to feel like Spring is on the way and we can start looking forward to brighter days and warmer weather. With that in mind, we want to let you in on an exciting, whole school Sunflower Project that will be taking place next term, after the Easter break.

Next term, every child will receive a Sunflower Kit which will include everything they need to plant and grow a sunflower at home. Over the summer term, children will be asked to keep a record or journal, documenting their growing journey and information about growing plants and anything else your child feels is important to know.

As this will be a home project, we would love for as many members of the family to get involved and be as creative as possible. As an idea, journals could include research, measurements, illustrations, photos, crafts – it will be totally up to you. Don't panic – if you are unsure about creating a journal, we are more than happy to provide one.

This project will run until the end of the Summer term in July. There will be prize for every child who takes part in the project, with special prizes for tallest sunflowers and journal efforts. More details will follow after the holidays. Until then, thank you for your continued support.

Best wishes,

Miss S. Cao  
Headteacher
