

# Miss Potter's Stick Challenges

I challenge you to find as many different things you can do or make with a stick.

Here are a few of my ideas to try...

Collect some twigs and sticks from your garden OR collect them if you go on a walk with your family.

## Stick Tower Challenge

Challenge a member of your family to see who can make the tallest stick tower.

Think about your design!

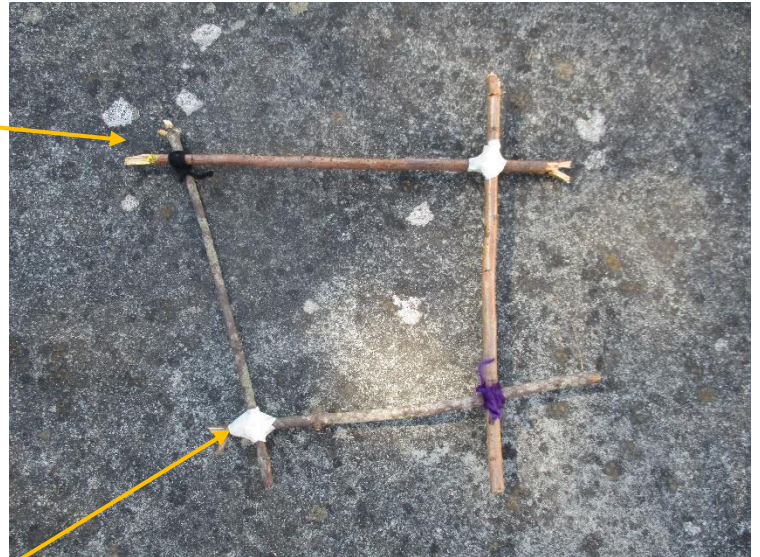

If you can't find any sticks try using crayons/pencils or felt tips.

## Make a Stick Picture Frame Challenge

Tie the corners with string or wool.

You could use a square lashing... Look at Miss Potter's Knot Challenges on the side bar to learn how to do this!

You can also secure the corners with tape.

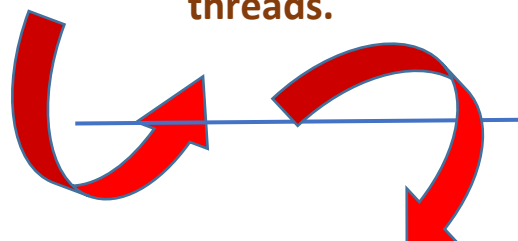

## Make a Beautiful Weaving Challenge

Use your stick picture frame to make a weaving...

Simply weave different coloured wool and string around the frame in different directions.

Remember when you weave you go under then over the different threads.

## Make a Stick Character Challenge

Secure some stick arms with string, wool or tape.

Make a head... you could use a pom-pom, plasticine, blue tack or draw a face on some paper or card.

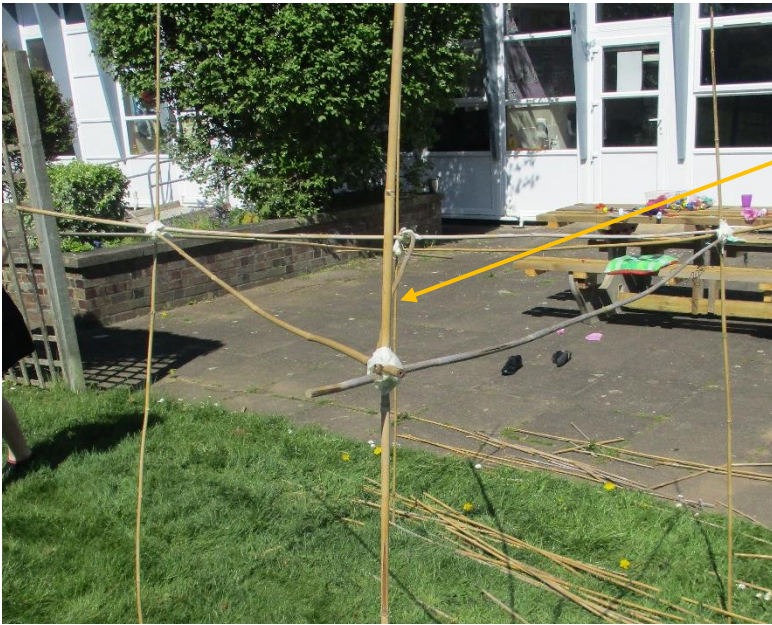

Use what you have at home to dress your stick character.

You could use tissue, material, paper, wool or even make a costume from leaves.

# Make a Stick Shelter Challenge

If you have some garden poles you could use them to make a cosy shelter. Ask for your parents' permission first.

If you haven't got any rope or string you can attach the poles using tape.

If you have got rope or string you could use a square lashing ... Take a look at Miss Potter's Knot Challenges to help you!

Use a blanket or table cloth to make your shelter cosy...

You can attach it using clothes pegs!

## Make a Stick Sundial Challenge

Find a stick and secure it on the ground (I used Blue Tack) in a sunny spot.

Mark the shadow on the floor with some chalk and record the time.

**So what are you waiting for?**

**Go and find some sticks and get creative.**

**HAVE FUN!**

**STAY SAFE!**
